We Hear You

About the story of the paramedics and the San Jose man. If they hadn't been there to save him he would have died. I understand that we won't be having paramedics (in the Cherry Lane annexation area). If they don't help us here, what are we supposed to do, let everyone die? I feel the paramedics should have certain boundaries and not just serve Campbell.

A Very Angry Reader

Editor's note: The decision to cut off future paramedic service in parts of West San Jose now being served, was made by San Jose. What it boils down to is that, under a new hourly payment schedule for outside service, San Jose will not pay for (and does not want) Campbell's city-funded paramedic service. Any concerns over this issue should be expressed to San Jose city officials.

I don't understand how those downtown people and the city got themselves into the spot they're in. First, it isn't right that the city can go ahead with the parking district if owners don't want it anymore. And this thing about the city having to pay for maintenance of those lots sounds fishy. That land is private property, right?

Sounds Funny to Me.

Editor's note: First, in submitting their request for an off-street parking district local improvement district (LID), those property owners gave the city the authority to proceed. And, because of that petition, the city has, or will, expend about $60,000 in funds to get the project underway. The Council also has the authority to override any protests lodged at the upcoming public hearing. And, in the case of the new LID to take care of maintenance costs, it seems doubtful that staffers can get property owner approval. That leaves the city holding the bag.

I didn't sign the original petition (for the parking district) but I hear they can still make me pay for it. That isn't right, is it?

Angry Owner

Editor's note: According to Engineering Manager Bill Helms, that's right. As in any LID, when a majority approves the project, all owners help pay the freight whether they were among original signers or not.

I see where we're going to have a new county (service) center in Campbell. I wonder though, if they contacted any of the residents on those streets leading to the offices, or made a traffic study? If I lived there I'd be upset.

Curious

Editor's note: According to a spokesman for the county social services agency, no traffic study has been made. While the new center is scheduled to serve between 5,000 to 7,000 potential clients, officials believe traffic impact on the Gale-Darryl drive area will be small. That building which faces the San Tomas Expressway, is to be used for offices anyway.

Any gripes, kudos, or ideas? Call 378-9136 to sound off.

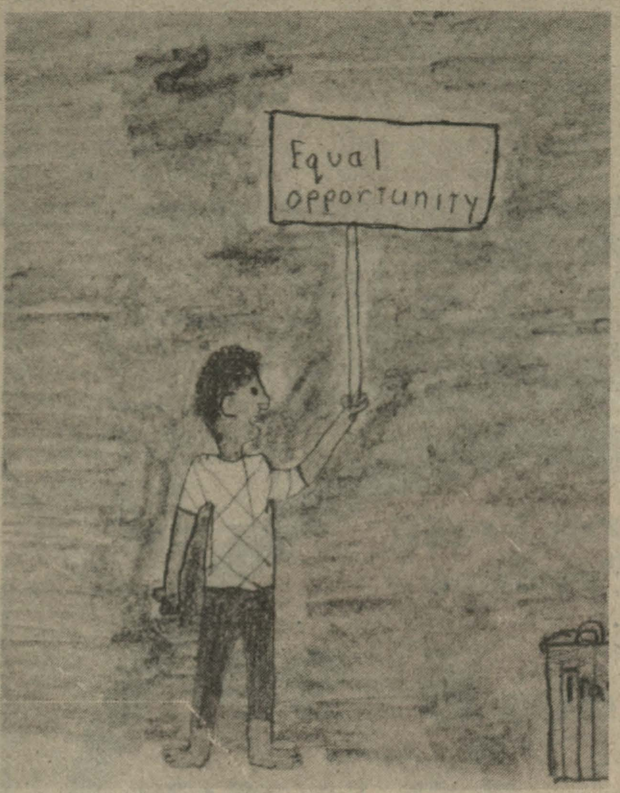
Impressions of great black leader

Last week, in honor of Martin Luther King's birthday, Betty Brown's sixth grade class at Rosemary School wrote their impressions of the great black leader.

There once was a man.
His name was King.
He was a man above all others
A man who fought for equality

He fought for peace
He fought for rights
But there were people
People that were prejudiced
People that would even kill
And they did.

David Pagan



LAST SATURDAY, Jan. 15 was the birthday of the late Martin Luther King, Jr. and Rich Broadway of Rosemary School did this drawing to show what King stood for.

Martin Luther King was a leader of men
A leader of black men
He led a cause for rights
Civil rights
He helped the workers
Black workers
He gave them freedom
Black freedom
A freedom from unfair laws
A freedom from cruelty

Cheryl Renerd

The Nobel Peace Prize was won by a man who did the best he could to free his people from white oppression.

Like riding buses in the back, suffering from the lack of equal rights in labor, housing, education and the right to vote. Martin Luther King. His name hangs now forever in the Hall of Fame.

Rich Broadway

Martin Luther King fought for many things
Love and peace to all mankind, to every person of a kind.
He fought and fought, and finally won.
And gave the blacks freedom, from everyone.

Louis Pare

Martin Luther King was a very smart man. He helped black people to be able to sit in the front of the bus! He was brave, trying to help the black people. He succeeded a lot and failed a lot.

Roberta Meyers

Martin Luther King was great and also had courage and faith. He was a man who was friendly and kind. But still stuck up for his rights.

Angie Plazo

Martin Luther King was a minister and believed in freedom of negroes.

Martin Luther King was powerful and he fought for freedom of his people.

He stood up for his rights, although he was jailed several times. He was very brave and so were his people.

King sacrificed his life for his people to have the rights that white people had.

Finally, he said to the white people, "Why can't we have equal rights as you do?"

And so he finally won.

Vonda Young

Martin Luther King was the greatest thing for blacks.
He had lots of fights
To win people's rights

The whites thought it was outrageous, but the blacks thought it was courageous.

But when he died, the people tried and tried to say Martin Luther King had not died.

Darryl Jones

Martin Luther King taught us many things
Brotherhood and peace of mind.
Love and pride for all mankind.

Ramin Farnegar

Martin Luther King, a man with great power. But then he had to be tough and sour.

Because of what was happening to the blacks and Martin Luther King.

People bombed and raided, fought, At people who were with Martin Luther.

Martin Luther screamed, "There is no person greater than you and me."

The people didn't listen. They screamed, "Down with Martin Luther King."

Will there ever be justice for my people and Martin Luther King?

He did not live to see his dream.

But there is justice for Martin Luther King and his people and it's here to stay!

Horray!

Save that school house

A DRIVE to save the old Campbell grammar school building for community use was launched last week by Walt and Jan Ritter of Campbell. The local couple, and other supporters, are asking the Campbell elementary school trustees to hold off on any sale plans until they have a chance to offer some alternatives. The old building, recently declared surplus by the school district, was reportedly going out for sale to the highest bidder, according to a school district official. But at least one trustee, President Gordon Abbott, feels there's still a lot of questions to be answered first. Like pre-zoning for the land and a subdivision map. Another complication is that present plans for the north loop street show the east wing of the building will have to be razed. But Councilman Norm Paul said Monday that decision isn't cast in concrete. He's studying other alternatives.

Cable rate hike-parking district up for hearing

Discussion of the downtown off-street parking district and a rate increase request by Gill Cable TV highlights the Campbell City Council session this Monday, Jan. 24 at 8 p.m.

The Council will consider accepting the engineer's report and calling for bids on parking district and will hear a report on attempts to get a maintenance district for that project established.

Both San Jose and the county have approved the hike in rates for cable TV subscribers from $8.95 to $10.95 per month. At the last council session over 20 people attended to speak against the request, but were told the matter had been continued to the Jan. 24 meeting so proper public notice could be given.

Also up for discussion will be:

- Plans for a 14-unit apartment to serve low income seniors and families by West Valley Open Doors. The proposal, located at 573 W. Latimer ave., got the earlier endorsement of the Planning Commission.
- A public hearing on plans for a neighborhood shopping center at 665 Hacienda ave. by Armann Kjartan. The Planning Commission is recommending approval.
- A letter from the county manpower board giving the City notice of a hiring freeze on federally-sponsored CETA employees. Under the freeze, any vacancies which occur when a CETA employee resigns, must come before the Board to be reinstated. Present plans call for funding the program through September.

The Council meets in the City Hall Council chamber, 75 N. Central ave.

Special classes for the 55+ set

Creative drama and puppetry for seniors are just a few of the special offerings for the 55 plus set this winter through the Campbell Community Services office.

Seniors will learn to make hand puppets and develop their own plays at the puppetry class starting Thursday, Jan. 27. Fee is $5 plus a small charge for materials.

Creative drama will be held at Campbell junior high school starting Tuesday, Jan. 25 at 10 a.m. The idea of the course is to help improve communication skills and create short plays without memorizing lines.

Call Community Services at 378-8141 for more information or sign-up at City Hall, 75 N. Central ave.

Overtime for more workers

A NEW CROP of California workers are now eligible for overtime after a 40-hour workweek.

New Year's Day marked the date when partial overtime exemptions for seasonal employers in general and employers specifically engaged in agricultural processing or perishable raw commodities were repealed under 1974 amendments to the Fair Labor Standards Act (FLSA).

In California, canneries and wineries are the main industries affected by the change, according to John Silver, assistant regional administrator here for the Wage-Hour Division, Employment Standards Administration.

Silver said these industries will be required to pay their employees at least time-and-a-half for all hours worked over 40 in any one workweek.

Cary heads commission

Hank Cary has been named chairman of the city Parks and Recreation Commission, with John Ashworth elected vice chairman.

Cary, 113 N. Second st., replaces Edith Morley who headed the advisory commission for the past six years.

'77 crossroads for Aquarius

For Jan. 22 through Jan. 28, 1977

ARIES (March 21-April 19): You, Ari, are direct, democratic and damnably delightful. You are also (unfortunately) selfish, unsubtle and prone to squabbling. This week the negative side of your nature wrestles with the positive for control. Week ends with a squeal.

TAURUS (April 20-May 20): As the sturdy oak is rooted in the earth, so too are you, Taurus, rooted in your opinions. One who rudely contradicts you this week, Taurus, is begging for a fight. Don't accommodate this ruffian. Just stand firm, lower your horns and snort. **Loudly.** Week ends on note of serenity.

GEMINI (May 21-June 20): Because you are naturally charming, Gem, there are some who misinterpret your behavior. You often appear to be flirtatious when in fact you are just being friendly. Oh yes. Busy week passes quick as a wink.

CANCER (June 21-July 22): Capricorn enters picture. Social activity highlighted. Tender winter romance due to ripen. How nice. Week cuddles to a close.

LEO (July 23-Aug. 22): Interesting idea flashes concerning personal problem. Don't wait, Leo, put notion in motion right away. Relax on last day with friend and hot coffee, hot chocolate or hot toddy. After that, hot diggety!

VIRGO (Aug. 23-Sept. 22): Relationship (business or personal) that is going nowhere should be terminated. To be truly liberated, Virgo, you must **act**. This won't be easy, for you must give up the known for the unknown, always a scary move. Week ends on key of D, for deliberation.

LIBRA (Dec. 23-Oct. 22): New heart interest may appear on scene — as if you didn't have enough complications in your life already. Member of another generation offers advice. Listen politely, of course, but do as your conscience dictates. Not exactly a small assignment.

SCORPIO (Oct. 23-Nov. 21): Play in which you co-star may need scene change. Consult expert. Don't be too quick to ring down curtain permanently. Sensitive partner must be considered. Message clears.

SAGITTARIUS (Nov. 22-Dec. 21): Tower of Babel week ahead, Saj, with everyone speaking a different tongue. However, out of this chaos will come order. We're all entitled to ride our own broom, you know. Week ends with an audible sigh.

CAPRICORN (Dec. 22-Jan. 19): Be cautious this week, Cap, or passion for excitement could lead you into dangerous cul-de-sac. Aquarius enters picture. As week slides to a close, you get something you've been hankering for. Enjoy.

AQUARIUS (Jan. 20-Feb. 18): Happy Birthday Aquari! Your progressive outlook leads you to interesting crossroads this year, and you make important decision concerning your personal life. Your independent spirit demands a large measure of tolerance from partner. In short, you may not be the easiest person in the world to live with, Aquari, but you are certainly one of the nicest! February and September are significant months in 1977. You grow.

PISCES (Feb. 19-March 20): Lines of communication tangle. You take one step forward and three steps back. By last day you feel like that poor devil Sisyphus — stone-tired. Week rolls to a noisy fini.

SELF-DEFENSE is one of scores of classes being offered through the winter-spring program at Castro Community Center. Registration is now underway Monday through Thursday from 7 to 9 p.m. and Saturday from 10 a.m. to 4 p.m. at the 4600 Student Lane center. For information call 379-3620.

Sign-ups now

Things are cooking at the Castro center

Everything from a baseball clinic to zig zag sewing will be offered this winter through the Castro Community Center program.

Classes, activities and workshops for all ages are planned this year, and most began during the last week in January.

For prospective baseball coaches, managers and players there's a baseball clinic beginning Feb. 1 at 7 p.m.

The basic fundamentals of the game will be discussed, along with organized practice sessions and prevention and care of injuries.

Students bring their own zig zag sewing machines to the course in decorative stitching and other special sewing techniques offered Mondays at 7 p.m. beginning Jan. 31.

Some of the other course offerings include; interior decoration, furniture refinishing, ceramics, Japanese cooking, investing in real estate, speedreading, guitar and dog obedience training.

For parents there's courses in "Are You An Askable Parent?," resolving family conflicts, behavior management of the developmentally disabled child and "Person To Person," a course on communication.

Those who love cooking have a wide selection of classes including Italian cooking, French cooking, breadmaking and, for professionals or those with a large tribe, restaurant style complete meal cooking.

There's still plenty of space in the Community Band which meets Mondays, from 7 to 10 p.m. starting Jan. 31 and in the Drama class Wednesdays, 7 to 10 p.m. beginning Feb. 2.

For a complete course listing or information call the Center at 379-3620.

Gala chamber banquet set

Announcement of the Campbell Chamber of Commerce's Citizen of the Year for 1976 and installation of new officers highlights the annual installation banquet on Friday, Jan. 28 at Zorba's restaurant in San Jose.

The event begins with cocktails at 6:30 and dinner at 7:30 p.m.

Price is $9.50 per person for the prime rib dinner and entertainment will be provided by the Brice Stevenson Trio.

Also planned that evening is the annual Mayor's Award, which goes to Ralph Doetsch.

For reservations call the Chamber office at 378-6252 by Jan. 24.

Caucus studies one candidate

To endorse or not to endorse Wesley Phillips-Matson will be the question facing members of the new Campbell Schools Community Caucus tonight, Jan. 19 at 7:30 p.m. at Castlemont school.

Last week the three incumbents for the Campbell elementary school board race, plus Matson, (the only contender), appeared before the Caucus' Screening Committee.

However, George baker, Jennie Vaughn and Gordon Abbott all announced they're not seeking the endorsement of the group.

Car Dealer Makes News

Camino Datsun in Sunnyvale is handing out checks for $1000 to put in your pocket or use on down payment with your purchase of any Executive Datsun or Gold Star Demo in their entire inventory including sedans, coupes, hardtops, wagons, and 280Z's.

You make your best deal, then receive your check for $1000. When asked how they can do this, Wayne Martin, Sales Manager of the firm for the past six years, replied, "We were first in sales in '69, '70, '71 and '72, from over 900 Datsun dealers, and now we are going all out to be number ONE again. Our motto is, 'We aim to outdeal the dealin'est.' So come get your $1000 check now with your Datsun and watch us run for number ONE in the U.S.A. again." Camino Datsun is located at 916 W. El Camino Real, Sunnyvale, California.

Knight Raiders host color guard tourney at Prospect

Nine color guard teams from northern California will converge on Prospect high school this Sunday, Jan. 23 at 2 p.m. for the annual Color Guard Competition sponsored by the Knight Raiders Drum and Bugle Corps.

The local host guard, according to Director Garth Benham, are heavily favored to sweep the class A division this year. The Knight Raiders Color Guard includes 22 area youths between the ages of 12 and 30. Instructors are Dave Bandy and Luann Harper.

On hand as honored guests this Sunday will be Councilman Rusty Hammer and Veteran of Foreign Wars post 3982 Commander Bill Mast, who will present the awards.

During intermission the local drum and bugle corp will give the audience a preview of their 1977 show.

Tickets for the event may be purchased at the door. The $2 adult and $1 student donations benefit the Campbell Knight Raiders.

A familiar face on civic commission

Ralph Pfirrman, Campbell's newest city commissioner, feels that the schools and recreation programs are what gives a community its identity and its pride.

"And I'd like to see us keep building on what we've got going," Pfirrman added.

Last week the 42 year old auditing manager was selected from among five candidates for the opening on the Civic Improvement Commission.

One thing the city has going for it, Pfirrman feels, is this year's Little League All-Star U.S. champions and another is the Pony League facilities at John D. Morgan Park. "We have one of the finest fields in California here," he explained.

And Pfirrman should know. For the past 10 years he's been active in the Campbell Little League and Campbell-Moreland Pony-Colt league organizations, serving on the board of directors of both.

A member of the Willow Glen Masonic Lodge 676, Pfirrman is also past master of the state masonic homes endowment board that oversees that group's support of homes for children and the aged.

Ralph and his wife Jan, are the parents of two sons both attending Campbell high school. Their home is at 266 California st.

NEWEST member of the Civic Improvement Commission is Ralph Pfirrman, well known in local youth sports circles.

We Hear You

(Continued from page 1)

I'm glad to see that pressure group from downtown didn't get the city to give in to their demands. For the first time in years you can drive through Campbell without inhaling enough exhaust fumes to make you sick. I like the change.

Motorist

About 2 weeks ago there was a terrible accident on the "new" Campbell avenue. A lady was pinned in her car for a half hour after she stopped at Second st. and was struck when the cars, coming at 40 or 50 MPH were unable to stop. This is a continual thing. I come to town about once a week and at all times the traffic is terrible. I can't get into a parking spot because cars are going too fast. The police say they don't have manpower to keep traffic down to 25 MPH. But I say the police do nothing. In fact, they drive the same rate of speed as other traffic. I think the merchants are wrong. They don't need a two-way street but traffic must be slowed. Now, a child can't get across the street in the crosswalks, there's no light. Are they waiting for a child or senior citizen to get killed?

18 year shopper of downtown Campbell

Well, about this one-way street, I think it's about the finest thing Campbell's ever had. I walk 5 miles, the whole stretch, every day. The man who thought it up should be complimented and so should the City Council. When the north loop gets in, things will be better; downtown Campbell will become just as interesting as the PruneYard one of these days. I leave at 8 a.m. every day and its true I do see some drive fast in the morning but, as a whole, when I walk in the afternoon I don't see cars going fast. I think it's just great!

Senior citizen and 37 year resident

Editor's note: At least one downtown property owner doesn't share your optimism about business prospects when the north loop is completed. Sam Blancato, in a recent letter to the County Tax Assessor, says the present traffic pattern is "a disaster" and that, when the other loop street opens "this will finish off the downtown area." He's asking for a reduction in the assessed value of downtown business properties, so he can pass on the tax savings to his tenants.

I think the big reason for the drop off in business downtown is that there's nothing but so-called antique shops there anymore. Even the coffee shop is gone now, I noticed last week, and another antique shop opened in its place. If downtown had more variety, maybe they'd have more business.

letters

Open letter to the Mayor and City Council of Campbell

I, S. F. Blancato, wish to voice my opposition to the proposed parking district for the downtown area.

As a landlord, in speaking with my tenants they all agree on one thing: that a parking district is not needed at this time.

Since the detouring of the traffic off Campbell ave. the business climate in the downtown area has deteriorated. So it would be inappropriate at this time to ask them to pay more rent for a parking district that, in theirs and my opinion, is not needed. In essence a parking district would worsen an already bad situation, in so-far that the space they now occupy would cost them more money.

Rather than to keep dwelling on the subject of a parking district, a solution should be sought to improve the business climate of the downtown area. Then, at a time when the business climate improves and the need for additional parking is obvious, the money will be there. That would be the time to form a parking district. At this time neither I or my tenants are financially able to approve of or pay for a parking district.

If the council members decide to disregard the opposition to the parking district, and try to impose a financial burden on me, then I have no recourse except to hand this matter over to my attorney. Thank you for your kind attention.

Encourage business and commerical development

EDITOR:

I should like to respond to a recent statement of Planning Commissioner Don Hebard regarding prezoning of the former Campbell Grammar School. His statement was: "Why make it easy for a developer to bid on any property?"

My question to Mr. Hebard is: "Why not?" As a planning commissioner Mr. Hebard is most certainly aware that zoning determines potential land use and has the highest impact upon its price.

Since this land belongs to the school district, the monies realized from the sale of this particular property to a developer should result in a reduction of the tax burden to homeowners. It would appear prudent then to zone the property so as to yield its highest return.

In addition, it is through planning and zoning that a city establishes basic land use goals which determine the nature and character of its community. The city of Campbell now has an opportunity, by proper zoning, to significantly influence the current downtown development program.

As the downtown is undergoing a change and facelift due to the loop street and parking district, it seems essential to encourage some major commercial venture to draw people downtown to live, work and shop.

Campbell has enjoyed a very healthy financial picture in the past, due largely to sales tax revenues generated by the 12 community and neighborhood shopping centers within its boundaries. Fiscal year 75-76 sales tax revenues were $1,803,695, while property taxes generated $1,026,548. I feel it would be a fair estimate that, of those property taxes, well over half were from business and industrial lands.

Given inflation and increasing costs of government, the most logical alternative is to encourage business and commercial development. Rather than fighting this kind of development the city of Campbell and their planning commission might be better advised to cooperate responsibly with the investment of private capital.

Editor's note: According to Commissioner Don Hebard that's almost the statement he made. What he says he stated was, "Why must WE make it easy for the developer?" This was not a statement, Hebard explains, it was a question asked in the course of a discussion over the lack of coordination between the school district and the city in making plans for the old Campbell grammar school property. Hebard says Commissioner Carl Samuelson answered that question well, explaining that the best use (and value) of that land benefits taxpayers of the school district, a group which the Planning Commission also serves.

Gill TV's answer to optional service

Editor's note: When the issue of a second rate increase for Gill Cable TV was raised, the PRESS took a stand in opposition. That editorial stated that subscribers should have a choice of the G movie channel, and not be forced to subsidize a service they might not want to receive. Last week Gill President Allen Gilliland forwarded a copy of a letter dealing with this issue sent to Mayor Janet Gray Hayes of San Jose.

Dear Madam Mayor and members
of the San Jose City Council:

The question of an optional movie service is not the question of the movies being optional, but the question of the rate being optional. The answer lies in what is the effective cost to the subscribers for the added movie service. Gill Cable has continually worked toward broadening the subscriber base by making the overall service attractive to as many subscribers as is possible.

The attached analysis is from the projections used by the City Auditor for the year 1977 (which includes the expanded G Channel) and projects a $373,000 loss for the company for that period. You will note that in order to achieve the same loss, without the movies, the rate would have to be $10.10. In order to achieve that loss with the movies, the rate would have to be $10.37. A difference of 27 cents per month per subscriber. May I caution you — 27 cents is not the cost of the movies. The cost of the movies is far higher, but because of the expanded subscriber base achieved by adding the additional services, the net effect is 27 cents to all subscribers. The additional subscribers contribute so significantly to the rate base, the resulting cost of the movies is virtually wiped out.

It is Gill Cable's opinion that the expanded G Channel service will continue to expand the rate base and be beneficial. Gill Cable's approach to this movie channel brings to those people who are least able to afford this type of entertainment, low-income families, fixed income families, the handicapped, shut-ins, etc. the entertainment value that they could not otherwise afford.

The offering of an optional movie service would deprive these people of this advantage of cable and make the service affordable by only 20 to 25 per cent of the people.

Very truly yours,
Allen T. Gilliland, president

Editor's note: Along with the letter an attachment was sent showing the 27 cents net difference and also indicating that 10,000 new subscribers were attracted to Gill by the new service. Also, if Gill were to make the G Channel optional it would cost about $75 per subscriber to make the change, the letter indicated. What isn't discussed is that Gill is the only cable station in northern California to have the combined movie-cable service. In all other areas the basic rate ranges from a low of under $6 per month to a high of $8.25 (according to figures released by Gill last month). The optional movie channel is an additional and expensive service (the Bay Area average is $10.11). If the 10,000 new subscribers have "virtually wiped out" the cost of the movies (an estimated increase of $80,000 to $90,000 monthly less service costs) then Gill is assuming they'll hold all old and new subscribers in order to hold the line on expenses. Should the rate increase result in significant service cancellations (and there's reason to believe it will) Gill would be in a serious financial bind. One caller last week suggested that Gill could easily convert their present equipment to cable plus optional movies by making the A channel the cable service and the B channel the movie service. Subscribers could pay for one or both as they choose.

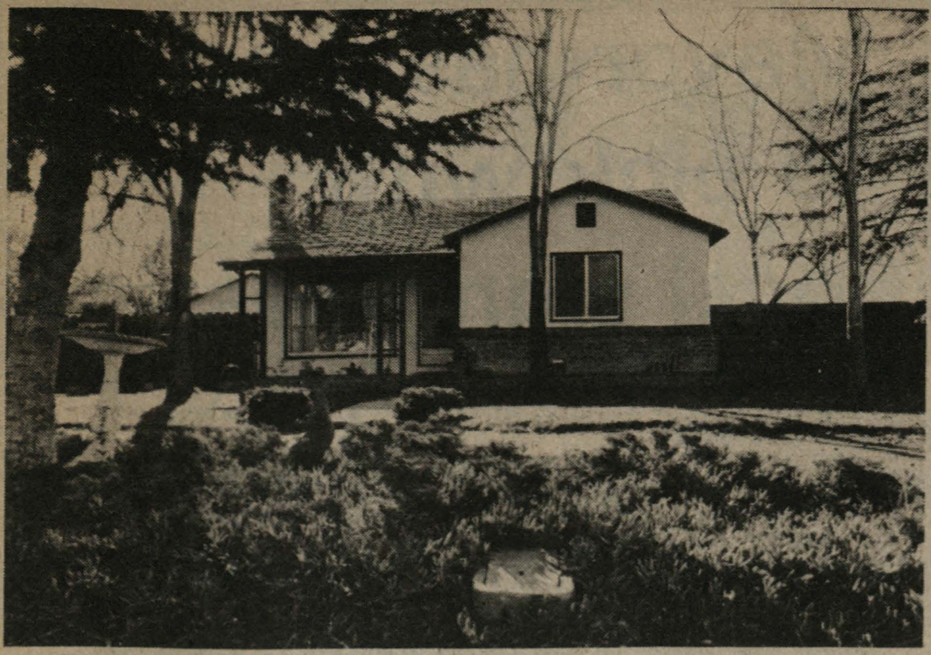
Fighting the auto on quiet Hazelwood avenue



THE EAST side of Hazelwood ave. is a quiet residential tree-lined street. These homeowners don't want that street extended, as proposed under a development schedule for a nearby parcel of land. "If we use a little creativity in our neighborhoods," an attorney who spoke to city planning commissioners explained, "we wouldn't be victimized by the automobile."

CLOSE TO 40 people showed up at a recent Planning Commission hearing to voice concern over a project planned for a vacant piece of land that cuts Hazelwood ave. right down the middle.

Most had no objections to plans, by Lands of Locurto, to build 14 single family homes on the 2.89 acre parcel. What they do take issue with are plans to make Hazelwood a through street, from San Tomas Aquino road to Virginia ave.

An attorney, who represented Judge Al Romero at the hearing, explained the resident's concern.

"Here a case where the people are speaking out and saying, 'We don't want to be controlled by the automobile,' " the man said.

THE ATTORNEY, who asked not to be named, presented a petition to commissioners that night signed by 75 nearby residents, all asking that Hazelwood not be extended.

What nearby residents fear, the attorney said, is that opening up the street will make it into a raceway. Instead, residents are asking the developers to modify their plans fo create a cul-de-sac which would use nearby Hazel ave., already a through street, as the main thoroughfare.

MOST OF THOSE attending the hearing live on the east side of the parcel in homes built in the early 1950's. The west end of Hazelwood contains older homes constructed in 1940 or 1941.

If developers concur with homeowners, the cul-de-sac would also include a pedestrian walkway connecting Hazelwood to allow youngsters to continue using that route to walk to Hazelwood School.

Planning Commissioners were due to reconsider the matter this week.

SOME RESIDENTS of the west side of Hazelwood also spoke against the proposal. Right now that portion of the street, in the county, is littered by building supplies and debris but a county zoning official said last week he'll be taking an official look at the problem.

Senior twirlers are sought for baton corps

Junior and senior high school students are being sought for a new senior majorette corps being sponsored by the Bonnie Rosettes Baton Corps.

Enrollment is open on a first come, first served basis, according to Director Bonnie Vaughan, and no twirling experience is required.

New members of the Junior Corps (age 7-12) and the Rose Buds (beginners age 4-8) are also being accepted.

Lessons for corps members starts Wednesday, Jan. 26 at Hazelwood School. The $8 fee covers 10 lessons and batons and uniforms are furnished by students.

Twirlers may sign up for all classes now at City Hall, 75 N. Central ave. For information call 378-8141.

The Bonnie Rosettes, sponsored by Campbell Community Services, have won several awards in local parades this year.

Symphony musicians needed

If you play bassoon or trumpet the Los Gatos-Saratoga Symphony Orchestra is looking for you.

There are several openings for musicians, Conductor John O'Neill announced recently, and a special need for a first trumpet and first bassoon.

The orchestra, which draws musicians from a 30 mile radius, rehearses Monday nights in the music room at West Valley College.

Concerts scheduled for the remainder of this season will be presented Feb. 5 and 6, April 2 and 3 and May 21 and 22 in the Saratoga campus theatre.

For information call O'Neill at 264-6399 or the Society at 255-7422.

Siren sounds

NERVOUS ROBBER

Another Campbell 7-11 Store was held up last weekend, by a man brandishing a gun and demanding "give me the money," according to police reports.

The robber, described as very nervous, took $42 from the clerk before running out of the store, vaulting a 7 foot fence and making off through a vacant lot. According to witnesses, the suspect was in his early twenties, 5 feet, six inches tall, 125 pounds, with dark wavy collar length hair and a moustache. He was wearing a "derby-type" dark jacket with "SANJO" sewn on the back in red, white and green.

A CASE OF MISTAKEN IDENTIFY

The sounds of kicking and pounding on her front door Sunday night prompted a local woman to call the police. A strange man was out there, she told them, shouting "let me in, let me in!" He was still there when police responded several minutes later, still kicking, pounding and shouting. "Help me kick the door in," he suggested to the officer, "I can't get in my house."

An investigation revealed that the man, who had moved into a duplex a few days before the incident, was trying to get into the wrong apartment. He lived next door.

BIG BURGLARY

When a mechanic reported to his job at the Mazda Works last Thursday morning he discovered that the auto repair shop had been broken into and over $16,000 in supplies taken sometime during the night, according to police.

Several rollaway cabinets containing "numerous tools" were taken by the thieves who, evidence indicates, backed their truck into the building, loaded up and took off with as much moveable loot as they could carry.

Mayor has a bone to pick with local sign rules

MAYOR RALPH Doetsch didn't fare too well before the city's Sign Review Committee last week and he says he'll have a motion to present to the Council this Monday.

That motion, to give a three year notice to all non-conforming sign owners in the city, won't be a surprise to one other member of the City Council.

Vice Mayor Bill Podgorsek serves on the two-member committee.

Doetsch's dealings with the sign committee started recently when he leased out part of his building on Winchester blvd. to a furniture business. His new tenants wanted to replace a sign advertising the former tenants with their own. But Doetsch's sign is higher than the maximum allowed under the present ordinance (by about 3 feet) and is in an area where 14 to 16 foot signs are the norm for new approvals.

IN CAMPBELL, any change in lettering of a non-conforming sign (erected prior to the new ordinance), must come before the Committee for review. Two years ago Doetsch was given a temporary permit for the bicycle lettering but it wasn't such a smooth go-round this time.

Last week Doetsch brought in a design for a redesigned sign that would be about 30 feet high and carry just three faces rather than the present five. After a long discussion with Podgorsek, Sign Advisor Mike Kotowski and Planning Commissioner Peggy Pack, Doetsch asked just what kind of sign they would give their endorsement to. Podgorsek advised that 16 feet was about the maximum he'd go for.

"Then you'd better get that (height limit) into our ordinance," Doetsch retorted.

THE MAYOR also stated that, in his opinion, no theatre in town can legally change their marquee without approval of the Sign Review Committee under present law.

"We need to take a look at our ordinance," he added.

At last word Doetsch planned to accept the three year tempoarary permit okayed for his sign and to come back with revised plans later.

But, under the law, he could appeal his case to the City Council.

RECENTLY donated to the Campbell high school library was a framed collection of presidential campaign buttons that goes back to the era of John Adams and Abraham Lincoln. Making the presentation was, left, Betty Chapman, manager of Home Savings and Loan Association's Campbell office, who made the gift and Janet Randall, school librarian.

newsbriefs

IT'S OFFICIAL NOW

That long awaited telegram from Governor Edmund Brown, announcing funding of the Los Gatos Creek Park project, never arrived.

But last week a letter did arrive from Herbert Rhodes, director of the state department of parks and recreation saying the local project has state approval.

The $129,979 in federal land and water conservation funds, will be matched by city and county park funds.

Final okay must come from the federal Bureau of Outdoor Recreation but that's a formality once state approval is given.

BUILDING BOOM

Last month Campbell registered $2.9 million in building valuation, close to 25 per cent of the last 11 months combined.

Lion's share of the total was the $2 million 98 unit apartment complex planned for 3495 S. Bascom ave. by Elmer Garrison.

Dura Style Homes, with $558,792 in single family residences, was second in building value.

Last year at this time Campbell only showed $238,000 in building activity and $5.5 million total for the year.

In 1976 the city showed a healthy $9.9 million in total building activity for the year.

COMMISSION VACANCY

So far there's been no applications for the vacancy on the Campbell Parks and Recreation Commission.

Open to residents of Campbell, the Commission advises the City Council on matters relating to city parks and community services programs.

Application blanks are availaboe at City Hall, 75 N. Central ave.

They select & train their chefs w/great care. They also choose the products served in their restaurants from only the finest quality. Take a drive to the country & visit **MALONEY'S** for a marvelous dining experience.

I know a wonderful place to have lunch in Saratoga . . . **SIRLOIN & BREW UNLIMITED** at 12333 Saratoga-Sunnyvale Rd. My friends & I enjoy the daily spec. such as "The Nooner" (Danish ham, jack cheese grilled on rye) only $2.09. This price incls. unlimited gourmet salad bar, soup & all the burgundy, Chablis or Beer you want. Honest, folks! The atmosphere is intimate w/soft lighting & early California decor. Also served in Belmont & Fremont locations.

"THE FIVE ECHOES" are performing to "standing room only" crowds at the **ECHO** in Los Altos . . . Headed by GREG FRANKS & JOHN FELCH, playing oldies but goodies; I do recommend them. These fellows are really "Going Places" (but hope they don't leave the **ECHO** for a long time — business has doubled since they arrived on the scene)! Here's good food & fine entertainment!

If you're an antique buff & enjoy dining in an atmosphere surrounded by "Granny's old souvenirs," visit **GRANNY'S ATTIC** — the restaurant that has all that. Also they offer excellent cuisine at low prices & "2 for 1" drinks in the lounge until 6:30 pm Sun.-Thurs., plus a "2 for 1" drink all day or evening in the dining room w/lunch or dinner. Can't be beat!!!

Bea Rene's DIRECTORY... Call 255-1711

For representation in this Guide, call BEA RENE at **255-1711**. This informal column now appears in **13 local peninsula newspapers**, reaching over **300,000** people in one of the West's most affluent markets, encompassing the entire peninsula - San Mateo and Santa Clara counties.

Merit Technology Applied To 100mm Cigarette.

'Enriched Flavor'™ process adapted to new low tar 100mm cigarette with remarkable success.

MERIT established a whole new taste standard for low tar smoking.

If you smoke but haven't chosen to take advantage of the MERIT breakthrough because you prefer a longer length cigarette, you'll be interested.

Because now there's a MERIT for you, too. New MERIT 100's. Only 12 mg. of tar. Yet packed with extra flavor. The kind of flavor that makes "low tar, good taste" a reality for 100's smokers.

'Enriched Flavor' Tobacco

Like MERIT, MERIT 100's are packed with 'Enriched Flavor' tobacco. Tobacco fortified with certain key flavor-rich ingredients isolated in cigarette smoke, and *proven* to deliver taste way out of proportion to tar.

We taste-tested MERIT 100's against some of the toughest competition we could find: higher tar 100mm cigarettes.

Here are the results.

MERIT & MERIT MENTHOL. KINGS & 100's.

Test Data Conclusive

New 12 mg. tar MERIT 100's were taste-tested against a number of major 100mm brands ranging from 17 mg. to 19 mg. tar.

Thousands of smokers were tested.* The results: *overall, they liked the taste of MERIT 100's as much as the higher tar 100mm brands tested.*

MERIT and MERIT MENTHOL. King Size and new 100's.

The taste barrier for low tar smoking has been broken again.

EDITOR'S NOTE — Dorothy Terrill, a registered dietitian and instructor at De Anza College, holds an MS in nutrition from UC, Berkeley. Questions about nutrition are invited. Address all questions to: Dorothy Terrill, Nutrition Notes, Suburban Newspaper Publications, Inc., P.O. Box 657, Cupertino, 95014. Mrs. Terrill will answer questions as space allows.

JUST HOW much bran should I add to my diet to get the correct amount of fiber daily?

That's a good question, but one that is still waiting for a complete answer. The best advice from the latest research is not to add bran but to eat foods high in fiber — fresh fruits and vegetables, dried peas, beans and lentils, whole grain cereals and breads. Adding bran to other foods in a large quantity as has been recommended by many people, especially Dr. Rubin, is considered by nutritionists to be equivalent to using bran as a medication.

The entire bran theory has been advanced because of research done on African populations which showed that they ate a high fiber diet and had a low incidence of heart disease, diabetes, diverticular disease, and cancer of the small intestine. The more developed nations of this world could certainly use less of these ailments so some researchers suggested more fiber be added to the American diet. The easiest means appeared to be by adding bran to the diet, but like many good things, has been carried to extreme.

IN THESE African populations other factors are involved besides dietary fiber — less stress, lower fat diets and higher activity level.

An interesting aspect is the kind of dietary fiber found in these African diets. The fiber in the diets of most Africans south of the Sahara comes from corn and legumes. Adding wheat bran and whole grain cereals may not increase the intake of the same kind of fiber as that consumed by these Africans studied.

SOME OTHER studies indicate that the amount needed to improve the U.S. diet may be six grams rather than the large amount of fiber found in the African diets. Two grams more than the four usually found could be added to the diet with less difficulty. Some foods which contribute the fiber include: ½ cup all bran flakes — 2.2 grams; ½ cup raisin bran — 0.8 grams; ½ cup shredded wheat — 0.6 grams; ½ cup sunflower kernels — 1.1 grams; 1 serving fresh fruit with the skin — 1.5 grams; 1 slice whole grain bread — 0.4 grams; ½ cup raw vegetables — 1.1 grams; and ½ cup cooked vegetables — 1.3 grams. (Readers may wonder why cooked vegetables would provide more fiber than raw, but remember that the cooked vegetables are softer and pack together more tightly so you get more of them.)

ANOTHER problem which is involved in the fiber issue is "crude fiber" vs. "dietary fiber." Crude fiber refers to the plant material which remains after the food is treated with chemicals. The food table figures available state only crude fiber yet there is probably much more fiber found in the foods which cannot be digested by humans so these figures are probably lower than the actual content of "dietary fiber." Dietary fiber refers to plant material which is not digested by the enzymes in the human body. Some of the materials which are included in this category are pectins, gums, and cellulose.

It becomes obvious that the fiber issue is unclear at this time. The best advice is to add some of the high fiber containing foods to the diet. And remember, moderation is the key to many dietary problems.

ORDINANCE NO. 1059

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL AMENDING THE CAMPBELL MUNICIPAL CODE, TITLE 18, CHAPTER 18.24 ENTITLED SWIMMING POOLS

The City Council of the City of Campbell does ordain as follows:

Section One: That Chapter 18.24, Title 18 of the Campbell municipal Code be amended as follows:

Section 18.24.010 Definitions.

(f) "Wading pool" means either a storable or permanent water container for recreational wading purposes which at its deepest point is not over sixteen inches. (Ord. 907 (part), 1973: prior code #8105.1).

Section 18.24.030 Pools in violation of chapter prohibited. Whenever the building official finds that construction or work in connection therewith, the erection or construction or alteration, execution or repair of which is regulated, permitted or forbidden by this chapter, is being erected, constructed, altered or repaired in violation of the requirements of this chapter, or in violation of a detailed statement or plans submitted and approved under this chapter, or of a permit issues under this chapter, he may serve a written notice upon the responsible person directing discontinuance of such illegal action and the correction of the condition which constitutes a violation of the provisions of this chapter. In the event that within the specified time to comply the notice has not been complied with, the building official shall institute an appropriate action or proceeding at law to restrain, correct or remove such violation or the execution of work thereon as provided in Section 205 Violation and Penalties of Uniform Building Code. (Ord. 907 (part P, 1973: Prior code #8105.3).

Section 18.24.040 General construction requirements for permanently installed pools.

(n) Clearances. No private pool shall have its water line closer than five feet from any property or building line, except pools may not be closer than thirty inches to the building if satisfactory evidence is submitted to show that no damage to the building will occur, or any other hazardous or unsafe condition will be created. No semipublic or public pool shall have its water line closer than five feet from any property line, or four feet from any building line. All related pool equipment shall be located in the rear yard and shall be no closer than five feet from any property line, except when enclosed by a sound barrier for which drawings have been approved by the Building Department, in which case the setback may be six inches.

Section 18.24.060 Protective Barriers. Every swimming pool or other outside body of water shall be completely surrounded by a fence or wall not less than five feet in height. The fence or wall shall be so constructed as not to have openings, holes or gaps larger than four inches in any dimension, except for doors or gates; and if a picket fence is erected or maintained, the horizontal dimension shall not exceed four inches. A dwelling or accessory building may be used as part of such enclosure. Temporary barriers shall meet these requirements during construction.

Section 18.24.070 Permit Fees. The fees charged for the issuance of a permit to construct and/or enclose a pool or outside body of water in the city shall be as follows:

Schedule of Permit Fees

Building permit fee shall be based on Table 3-A of the Uniform Building Code.

Plumbing permit:
Public or semipublic pool — $30.00.
Permanent private pool — $20.00.
Storable private pool — $10.00.
Electrical permit:
See electrical fees.

(Ord. 907 (part), 1973: Prior code #8105.6).

ORDINANCE NO. 1058

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL ADOPTING PLANS, ELEVATIONS, AND DEVELOPMENT SCHEDULE FOR A PORTION OF THE PLANNED DEVELOPMENT ZONE ESTABLISHED BY ORDINANCE NO. 983 ADOPTED ON THE 9TH DAY OF JUNE, 1975. (Application of James Calogridis and Free Enterprise, Inc.).

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the Zoning Map of the City of Campbell is hereby changed and amended by adopting the attached "Exhibit A" entitled "Plans", "Exhibit B" entitled "Development Schedule", and "Exhibit C" entitled "Map of said Property", as per application of James Calogridis and Free Enterprise, Inc. to allow a restaurant commissary and parking lot on property known as 19 South Third Street and 134 East Campbell Avenue in a Planned Development Zone.

Said approval granted subject to the following conditions:

A. Landscape plan indicating type of plant material, location of hose bibs or sprinkler system and type of fencing to be submitted for approval of the Planning Director at time of application for building permit.

B. Landscaping shall be maintained in accordance with the approved landscape plan.

C. Faithful performance bond in the amount of $3,000 to be posted to insure landscaping, fencing and striping of parking area within three (3) months of completion of construction, or applicant may file written agreement to complete landscaping, fencing and striping of parking area prior to final Building Department clearance.

D. All mechanical equipment located on roofs shall be screened as approved by the Planning Director.

E. All parking and driveway areas to be developed in compliance with Section 21.50 of the Campbell Municipal Code. All parking spaces to be provided with appropriate concrete curbs or bumper guards.

F. Underground utilities to be provided as required by Section 20.16.070 of the Campbell Municipal Code.

G. Plans submitted to the Building Department for plan check shall indicate clearly the location of all connections for underground utilities including water, sewer, electric, telephone and television cables, etc.

H. Sign application to be submitted in accordance with provisions of the sign ordinance for all signs. No sign to be installed until application is approved and permit issued by the Building Department.

I. Ordinance No. 782 of the Campbell Municipal Code stipulates that any contract for the collection and disposal of refuse, garbage, wet garbage, and rubbish produced within the limits of the City of Campbell shall be made with Green Valley Disposal Company. This requirement applies to all single family dwellings, multiple apartment units, to all commercial, business, industrial, manufacturing, and construction establishments.

J. Trash container(s) of a size and quantity necessary to serve the development shall be located in area(s) approved by the Fire Department. Unless otherwise noted, enclosure(s) shall consist of a concrete floor surrounded by a solid wall or fence and have self-closing doors of a size specified by the Fire Department. All enclosures to be constructed at grade level.

K. Applicant shall meet all State requirements for the handicapped.

PUBLIC WORKS DEPARTMENT

L. Pay storm drainage area fee.

M. Provide grading and drainage plan for review and approval of City Engineer.

The applicant is notified that he shall comply with all applicable Codes or Ordinances of the City of Campbell which pertain to this development are not herein specified.

ORDINANCE NO. 1057

BEING AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CAMPBELL ADOPTING PLANS, ELEVATIONS AND DEVELOPMENT SCHEDULE FOR THE PLANNED DEVELOPMENT ZONE ESTABLISHED BY ORDINANCE NO. OF THE CITY OF CAMPBELL. (Application of Pat Swift.)

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the Zoning Map of the City of Campbell is hereby changed and amended by adopting the attached "Exhibit A" entitled "Plans and Elevations," "Exhibit B" entitled "Development Schedule," and "Exhibit C" entitled "Map of Said Property," as per application of Pat Swift for approval of plans, elevations, and development schedule to construct eight semi-detached single family dwellings on property known as 1409 West Campbell Avenue in a Planned Development Zoning District.

Said approval subject to the following conditions:

A. Approval of ZC 76-11

B. All parking and driveway areas to be developed in compliance with Section 21.50 of the Campbell Municipal Code. All parking spaces to be provided with appropriate concrete curbs or bumper guards.

C. Plans submitted to the Building Department for plan check shall indicate clearly the location of all connections for underground utilities including water, sewer, electric, telephone and television cables, etc.

D. Underground utilities to be provided as required by Section 20.16.070 of the Campbell Municipal Code.

E. Sign application to be submitted in accordance with provisions of the sign ordinance for all signs. No sign to be installed until application is approved and permit issued by the Building Department.

F. Ordinance No. 782 of the Campbell Municipal Code stipulates that any contract for the collection and disposal of refuse, garbage, wet garbage, and rubbish produced within the limits of the City of Campbell shall be made with Green Valley Disposal Company. This requirement applies to all single family dwellings, multiple apartment units, to all commercial, business, industrial, manufacturing, and construction establishments.

G. Trash container(s) of a size and quantity necessary to serve the development shall be located in area(s) approved by the Fire Department. Unless otherwise noted, enclosure(s) shall consist of a concrete floor surrounded by a solid wall or fence and have self-closing doors of a size specified by the Fire Department. All enclosures to be constructed at grade level.

H. Applicant shall meet all State requirements for the handicapped.

I. Applicant shall submit to the City Attorney for approval a copy of the covenants to provide for cross easements for maintenance of the structures and to insure uniformity of building appearance.

PUBLIC WORKS DEPARTMENT

J. File and process a tract map.

The applicant is notified that he shall comply with all applicable Codes or Ordinances of the City of Campbell which pertain to this development and are not herein specified.

THE OAKLAND RAIDERS are the champions of the world!

That's what folks of the Bay Area have been buzzing about for the past week and a half. Everyone may have heard the news already, but it's something that will never grow old to the ear.

The Oakland A's were making the same claim just a few years ago and the Golden State Warriors also boasted the same title. All three have been champs of the world in the 1970's.

But what of San Francisco? They've been batting the baseball, throwing the football and shooting the basketball over there a lot longer than they have in Oakland. And how many world champs have been put out in grand ol' SF — none!

It's amazing that a city that has been the home of Major League baseball since 1958, NFL football since 1950 and NBA basketball from 1962 to 1971 could not produce a world champ in any of the three major sports.

In 54 seasons of professional sports in San Francisco, the SF teams have knocked on the door but have never won a world title.

On the other hand, in Oakland in just 28 professional seasons, teams have already walked off with five world titles! What could it be?

. . .**SURE THE** San Jose Sunbirds were the champions of the Women's Professional Softball League's Western Division last summer. But as good as they are, I'll bet that I could come up with a team of out-of-shape writers and broadcasters that could give the 'Birds a pretty good battle in the pre-season this spring. Watch for that game, if the young women think they're up to it. After winning all of those games last season, it might be tough for the Sunbirds to take a devastating loss early in the season!

. . .**THE** 1977 Amateur Softball Association's Women's Fast Pitch National tournament will be held in Hayward, affording fans of the Bay Area a chance to see women's amateur softball at its best.

. . .**ONCE AGAIN** the annual Women's Fast Pitch Memorial Day softball tournament will be held at San Jose's Columbus Park. Top women's team converge every year at Columbus for the prestigious event.

"It's one of the finest women's fast pitch softball tournaments in Northern California," said Nancy Drewek of the San Jose Parks and Recreation Department. "It's got a super reputation. Teams for all over try to get in every year.

. . .**AND THEY** say sports writers are just frustrated athletes! Poppy-cock! There's one scribe working right here at this newspaper who was considered quite a fine basketball player by at least one coach in his playing days in Milpitas.

That's right, Dave Mendonca was the terror of the basketball court as a sixth grader in Milpitas.

Steve Bartkowski, now the quarterback of the Atlanta Falcons in the NFL, was the center for the sixth grade team and talked the coach into giving his friend, the young Mendonca, a try-out with the Burnett school team. He was a ball handler, but admittedly not much of a shooter.

Well, Mendonca got his big break one game and started at guard for his team. After a foul, he positioned himself at the top of the key as the opposing team lined up for a free throw.

The ball bounded off the front rim and back to the excited Mendonca. Like "Pistol" Pete Maravich, Mendonca bombed a 15 footer from the top of the key and banked it home for a score!

The only problem was that the score was for the opposing team! The only points Mendonca scored in his very short basketball career were for the opponents!

At least the coach of the team he scored for appreciated his efforts. And his two-pointer was good for a giggling thank-you from the opponent on the free throw line.

And folks have the nerve to say that writers have no athletic ability!

. . .**SOME COACHES** really know the right thing to say to give their players the self-confidence it takes to become a winner.

Santa Clara high coach Dean Giles seems to have a way with words when it comes to rating his team and his players.

When asked how good his club would be in the coming season one year, Giles responded frankly, "We're small, but we're slow!"

And one afternoon when a player muffed a sure lay-up in a practice session, Giles hollered, "What year in school are you?" The player answered, "A junior." Giles said, "Do me a favor, go out for soccer next year!"

. . .**EVER WONDER** why Y.A. Tittle, former San Francisco 49er and New York Giant quarterback, went by his first two initials instead of his first name? It's not really too hard to figure out. You see, Y.A.'s given name is Yelberton Abraham. That certainly could have twisted a few tongues in the pressbox!

On the day preceding the opening of the conference, Feb. 3, there will be a symposium on wild trout management under the joint auspices of the AFS Chapter and California Trout, Inc.

Sessions will be held at the Hyatt House on North 1st st.

Bucs upset Los Gatos

Del Mar 'fair' in romp over Branham

By DAVE MENDONCA

DEL MAR basketball coach Dave Morgan moans that his club could be "a little better."

For Del Mar opponents, that's a pretty scary thought.

The Dons remained unbeaten and awesome last week in the West Valley Athletic League, crushing previously unbeaten Blackford and talented Branham without hardly working up a sweat.

"We played pretty fair," allowed Morgan, after his troops stomped the Bruins 73-49 last Friday night before a packed house at Del Mar. "There is still something missing. I don't know what it is exactly. It's a feeling."

Del Mar's opponents can only pray that the Dons don't find what Morgan is looking for.

The Dons remained the lone unbeaten team in the WVAL, raising their record to 5-0. Del Mar is also the only unbeaten squad in the entire Central Coast Section, boasting a perfect 16-0 record.

"The kids played well," said Morgan, following the romp over Branham. "but they can play better."

The Branham Bruins may find that hard to believe. The Dons seemed to do everything right last Friday.

IF THERE was a loose ball, a Don came up with it.

If there was an open man, a Don hit him with a chest high pass and the player sank his shot.

And if there was a missed Branham shot, a Don came down with the rebound.

Del Mar shot 53 per cent from the floor for the game, sinking 34 of 64 shots. Branham, on the other hand, sank just 34 per cent of its shots (19 for 56). The Bruins had a particularly bad second half, canning just 25 per cent of their shots (eight of 32).

The Dons outrebounded the Bruins 35-23, registered 11 steals and 18 assists, and blocked seven shots.

Six of the blocked shots were recorded by Del Mar's version of Paul Bunyon, 6'10" Mark McNamara.

McNamara, the scourge of the WVAL for the past two seasons, shook off a poor first half to lead Del Mar's 42 point second half blitz.

Big Mac sank just two of six shots in the first half for four points. He grabbed only four rebounds but blocked five shots.

The Del Mar pivotman wound up with 24 points, hitting on nine of 12 second half shots, and 13 rebounds.

McNamara was only one of four Dons in double figures. Scott Cleland and Tom McClintic both meshed 12 markers while Leon Roat tanked 10. Sean Nalty chipped in with nine.

McCLINTIC HAD an extraordinary night in addition to his 12 points, dishing out eight assists, making four steals and grabbing three rebounds. The Del Mar guard drilled in six of nine shots from the floor.

Cleland also had a pretty good night, latching on to eight rebounds, making four steals and handing out three assists to go along with his 12 points.

Roat, meanwhile, was making his first start of the season in place of the injured Eric Oksen. All Roat did was sink five of seven shots from the floor, pull down seven rebounds and deal out three assists.

Even the Del Mar reserves got into the action. Lefty shooting guard Craig Fong came off the bench to total four points on a pair of bombs from the top of the key. Gary Sammonds chipped in with two points, a rebound and a steal while Jim Quilici blocked a shot and pulled down a rebound.

In other action last Friday, Blackford retained sole possession of second place by dumping winless Prospect 46-37.

Dean Ungari continued his stellar play by canning a game high 21 points to spark the Blackford attack. Mike Turnwall added eight points and Mark Verbrugge tallied six.

Tom Meehan was the lone Panther in double figures, tossing in 10 points. Stan Kazmierczak hooped eight points.

THE CAMPBELL Buccaneers evened their record at 2-2 last Friday night by stunning the rugged Los Gatos Wildcats 48-43 on the loser's court.

"We played our best game of the year," said Campbell head coach Jim Williams. "In fact, this may have been our best game in two years, considering the caliber of team we played."

The Bucs built up a big 14 point halftime advantage, 33-19, and then had to withstand a furious second half rally by the Wildcats to preserve the triumph.

Los Gatos cut Campbell's once comfortable lead to just two points with 2:30 remaining to be played. But the Bucs went into a stall and then iced the game on a bucket by Ken Wegner and free throws by Kevin McGrody and Mickey Rymer.

Wegner and Rymer shared team scoring honors for the game with 14 points apiece. The Campbell duo also did most of the work on the boards, Wegner coming down with 13 rebounds while Rymer yanked down 11.

Frank Giammona canned nine points, McGrody tallied seven and Bart Mathewson chipped in with four. Mathewson turned in a strong defensive effort against LG center John Reid, limiting the Wildcat star to just 16 points.

In games played earlier in the week, Del Mar won in a runaway against Blackford but Campbell and Prospect and Camden and Westmont had to fight right down to the wire in their battles.

DEL MAR CLUBBED Blackford 60-34 with three Dons hitting in double figures.

McNamara led the Dons to the win with 20 points and McClintic poured in 16 points. Naulty chipped in with 12 points for Del Mar, who scored all of its 60 points from the floor on 30 field goals.

Actually, there were no free throws converted in the entire game with Blackford canning 17 field goals for its 34 points. Ungari led the losers with 22 points.

Supporting the trio in double numbers for the Dons were Oksen and Sammonds with four points each.

Craig Morioka and Verbrugge each scored four points in the loss for the Braves.

Things were much closer in the Prospect gym on Tuesday. The Bucs outscored the Panthers by a point in the third period and a point in the fourth and it was good enough for a 64-62 victory.

Leading Campbell to its first win of the WVAL season was Wegner with 26 points on the night. Wegner drilled 10 field goals and tossed in six free tosses to lead the Bucs.

Mathewson joined Wegner in double figures for Campbell in the victory. Cliff Judd popped eight points, Rymer hit seven, Mike Sullivan meshed five and McGrody canned four.

FOUR PANTHERS hit in twin figures in the game but it wasn't enough for Prospect. Kazmierzak led the way with 19 points and Bob White drilled 13. Meehan netted 11 and Paul Guenther bombed 10. Bill Stokes added eight in the win.

Things were just as close at the Westmont gym but Camden pulled out a 52-48 win with a fourth quarter comeback against the Warriors.

Camden trailed by a point at 38-37 going into the fourth period Tuesday but the Cougars outscored Westmont 15-10 in the fourth to claim the victory.

Westmont had held a slim 14-12 lead after the first period but Camden came back to take a 27-24 lead at halftime. The Warriors topped Camden 14-10 in the third to take the slim one point lead into the fourth.

Rex White led all scorers in the game with 20 points for Camden to lead the Cougars to the triumph.

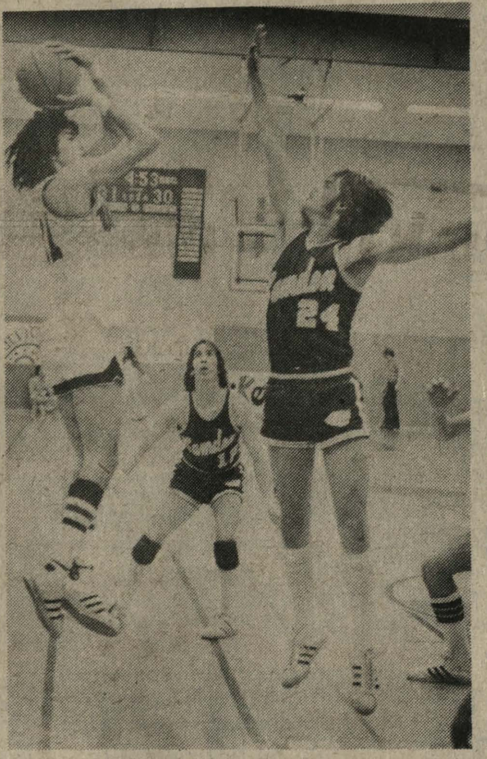
Pacing the Warrior scoring attack was Gene Hukkanen with 13 points. Mike Riley and Ron Williams each banked home 10 points and Eric Johnson popped nine. Rocky Pena canned four and Graig Waltz hit two.

IN THE ONLY other game played on Tuesday, Los Gatos remained hot on the heels of Del Mar with a tight 58-57 win over Branham.

The Dons, who faced a WVAL bye on Tuesday, will put their perfect 5-0 league record on the line Friday in an 8:30 p.m. game at home against Prospect.

In other games that night Leigh visits Campbell, Westmont heads to Branham and Camden travels to Blackford.

In games next Tuesday, (Jan. 25), Del Mar treks to Camden, Westmont hosts Prospect, Campbell entertains Branham and Leigh is at Los Gatos.



SOARING WARRIOR — Westmont forward Rocky Pena soars into the air for a jump shot against the Camden Cougars last Tuesday evening in a game Camden won 52-48. Pena finished the game with four points.

(Photography by Mike Rapping)

TOUGH TUMBLE — Westmont guard Mike Riley had a tough tumble on the Warrior floor last Tuesday when he was accidently tripped by Camden's Jeff Bowling. The Cougars won the game 52-48 despite Riley's 10 point effort.

Young ring prospects battle in San Jose

MUHAMMAD Ali has been earning a living in the ring as a professional boxer for more than 15 years. And now the time has come for the champ to start thinking about folding up his shorts and bronzing his gloves — he's thinking about retiring.

But as Ali thinks about bringing his illustrious ring career to an end, a flock of boxers are just beginning and will battle it out this week in a San Jose arena, all hoping to add another win to their infant careers.

A live boxing show will hit the San Jose Center For Performing Arts on Saturday, Jan. 22, at 8 p.m. with four exciting bouts filling up the card.

The card will feature some "exceptionally fine young prospects," according to the Garden City Boxing Club.

Golden Gloves champ Leo Oliver of East Palo Alto will battle Gilbert Valdez of Los Angeles in the opening bout and three time Golden Gloves and International featherweight champ Leonel Valencia will take on an opponent to be named later in the second fight.

San Jose's Jose Talamantez will slug it out with Dave Kibby of Smith River before Irwin Williams of Oakland squares off with Roger Buckskin of Smith River in the main event.

TICKETS for the event are priced at $8 for the main floor and $5 for the balcony. All ladies will be admitted for half-price with the Garden City Club offering Ladies Night.

Williams has had just six fights since turning pro in June, but has already registered five knock-outs and won a unanimous decision in his first 10 round fight.

Buckskin is a veteran boxer who has faced such opponents as Pete Ranzany, Rudy Cruz and Sugar Ray Seales.

Talamantez has won eight of his nine professional fights to date, his only non-victory a draw. Seven of his eight victories have been by knock-out.

Kibby is another Smith River veteran who has been in the ring two times each with Randy Shields and Rudy Hernandez, both fighters ranked in the top 10 in the world.

Valencia made his professional boxing debut on December 21 for the Garden City promoters at the Circle Star and won by a third round knock-out.

Oliver will lead off the card in a six round welterweight bout against Valdez. Oliver has been training under the famous Dick Sadler and has one profight under his belt, a five round decision win in Las Vegas.

Joshua spurs Jaguars to initial conference win

THE SAN JOSE City College basketball team gave the spectators in the Jaguar home gym something to cheer about last Wednesday night with a rousing 82-68 victory over cross-county rival West Valley College in a Golden Gate Conference test.

It was the first win of the conference year for the Jags, pushing San Jose's record to 1-2. The Jaguars had opened the season with losses against San Francisco and San Mateo.

The loss dropped West Valley's even 1-1 record to 1-2 after the Vikings had split in their first two tries, losing to Foothill but beating Diablo Valley.

Roy Joshua (Mt. Pleasant) led the Jaguars to the victory over West Valley with a game high 24 point performance. Ron Lowe drilled 18 points and Don Wilson popped 12 to join Joshua in double numbers.

Jack Ledesma (Lincoln) led the Vikings with 22 points. John Franza (Westmont) chipped in with 13 and Keith Weltz (Branham) dropped 11. Jim Moniz (Buchser) added nine in the loss.

The Jags will return to the court on Friday to visit Foothill for an 8 p.m. game. At the same time West Valley will host San Francisco in Saratoga.

West Valley was fresh off a thrilling 70-69 win over Diablo Valley heading into the game with San Jose.

Ledesma poured in 22 points and Weltz added 18 to pace the Vikings to the victory. Jerry Buchmann (Campbell) meshed nine points, Lloyd McGilvery (Campbell) eight and Franza six in the win.

San Jose lost 67-56 to San Francisco the same night despite an 18 point effort by Lowe. Joshua bombed 14 and Duane Carter popped 10 for the Jags in the loss.

Warriors on KNBR

DEFENDING Western Conference champion Phoenix will invade the Oakland Arena Thursday evening for a National Basketball Association battle with the host Golden State Warriors in a game that will be aired over KNBR radio (68) beginning at 7:15 p.m.

The Warriors will then hit the road for games in New Orleans on Saturday and Atlanta on Sunday. Saturday's game will be broadcast at 5:15 p.m. while Sunday's will be aired at 3:45 p.m.

Guest speakers at Del Mar bat clinic

THE FOURTH annual Del Mar baseball clinic for high school baseball players will be held Saturday, Jan. 29, from 10 a.m. to 1 p.m. in the Del Mar high school gym. Admission to the clinic is 50 cents.

Dr. Thomas Tutko of San Jose State University and Dave Gonsalves of Marin Catholic high school will be among the guest speakers along with Al Taylor of Independence high; Craig Battaglia of Fremont high; Bob Grover of Lynbrook high; Jim Scott of Leland high; Fred Rasmussen of Branham high; Ray Miailovich of Piedmont Hills high; Harry Pitkoff of Cupertino high; Leo Ruth of Bellarmine high; Phil Hayes of Santa Clara high; and Paul Perotti of Milpitas high.

The clinic will consist of lectures and demonstrations. There will be no workout. Players should bring gloves but not their spikes.

For more information call clinic director Gary Cunningham of Del Mar high school at 298-0260.

Girl softball players and coaches are also welcome to attend.

Baseball class set at Del Mar

A CLASS TO TEACH coaching fundamentals for baseball will be held at Del Mar high school beginning Feb. 3, under the direction of Del Mar baseball coach Gary Cunningham.

The class is intended for youth league baseball coaches, from Little League through high school.

Subjects to be covered include how to train and coach a youth league team; philosophies of coaching; how to train and condition youths; prevention and care of common baseball injuries and ways to develop positive self-images in each player.

For further information, call Cunningham at 298-0260.

Bionic Men fall 3-0

THE CAMPBELL Bionic Men, an under eight youth soccer team, fell to the Milpitas Wanderers 3-0 in the opening round of the recent Police Athletic League Youth Soccer Cup finals.
